**NSGREA is a
strong voice for
ALL retirees.**

NSGREA was founded in 1985. Since then it has steadily grown and has acquired a number of benefits for all Provincial Government retirees - improved healthcare benefits, increased survivor benefits and more recently NSGREA's own Dental Plan, which has been in effect for almost 8 years and has well over 1000 members. To join the Dental Plan one must first become a registered member of NSGREA. To take full advantage (in the first year) of all the Plan's benefits, one must apply within 90 days of retire-
