**NSGREA is a strong  
voice for ALL  
retirees.**

**NSGREA** was founded in 1985. Since then it has steadily grown and has acquired a number of benefits for all Provincial Government retirees, including improved healthcare benefits, increased survivor benefits and more recently NSGREA's own Dental Plan, which has been in effect for slightly more than 8 years and has well over 1000 members.

To join the Dental Plan one must first become a registered member of NSGREA. To take full advantage (in the first year) of all the Plan's benefits, one must apply within 90 days of retirement.
