Here is the finalized information on the **Open Enrollment Incentives** that were discussed and approved by your Provincial Executive.

## Dental / Multi-Travel plans \*\* No late penalty over 90 days

- During the open enrollment period anyone that applies for dental or the 30-day multi-trip travel will receive full claims coverage and not be penalized if over the 90-day period. So those that never joined or plan wasn't available when retired are able to now.

## New optional health plan – no medicals over 90 days

- During the open enrollment period no medical questions will need to be completed for approval if over the 90-day period.
  - No co-pay
  - 100% coverage based on schedule up to reasonable and customary charges
  - It should be noted this plan is separate from what you have thru work at retirement. Doesn't replace it unless you chose to.
1. Dental and health can be purchased by themselves.
  2. Health or dental must be purchased to add the multi-travel.
  3. All members must take the same family status for each benefit IE: they cannot select single health & couple dental. One of the other.
- **Open Enrollment will run till end of June 30 2025 when all enrollments must be received.**
  - **Open Enrollment start date will be Aug 1 2025**
